

# Resources

UBC has an array of networks available to students for career building along with advising from professors and other research professionals. Networking events, conferences, teaching opportunities, potential career paths, and job opportunities are listed in this section. While we can assist by providing resources, we recommend individuals have clear goals regarding their future careers. Below is a list of recommendations for career building and networking.

- [Graduate Pathways to Success](#) <sup>[1]</sup>
- [University Affairs Magazine](#) <sup>[2]</sup>
- [UBC mentoring programs](#) <sup>[3]</sup>
- [Student Biotechnology Network](#) <sup>[4]</sup>
